As a User, I should be able to...

- View a Map of available washroom locations (ideally nearby a certain route or location)
- Rate Washrooms I have been to (Rating and Comment)
- View info about washrooms I am interested in
  - Business name, available times, reviews
- see if a business is temporarily or permanently closed so that I don't go to a washroom that's no longer available.
  - Update information about these temporarily or permanently closed washrooms
- Donate through the app
- Recommend washrooms (maybe submit form with location and business name)
- See information about business hosting washrooms

As a Owner I should be able to ...

- Add my washroom location and times to the app
- See feedback given by users
- Update washroom status (busy, open)
- Display business info for users to see
